# COMPANY PROFILE

## **MISSION**

- Honesty in our word, deed, action and service. Always ready to offer and work for solutions in any arising situation with a positive attitude. Maintain the hunger for higher learning and understanding, and provide the continuous cycle of coaching and self discipline.

## **VISION**

- A globally qualified company bound by highly motivated professionals.
- A company that can design, operate and transact for clients worldwide.
- A collection of professionals from different discipline and ideas, driven by a single goal to provide excellence to the company and to oneself.

## **INTRODUCTION**

Lawin Technologies Incorporated started as Lawin Engineering and Management Services on June 18, 1994. With its continuing growth and vision it was incorporated December 5, 1997 covered by Securities and Exchange Commission Reg. No. A1997-21554 and earned its Category "A" Philippine Contractors Accreditation Board License on September 23, 1998. Since then, Lawin Technologies Incorporated operated as a General Engineering Contractor that can cater to all fields of Industrial, Electrical, Construction and Automation Engineering. It has its head office and shop facilities in a 1,100 square meters property at Paxton St., East Fairview, Quezon City and also holds provincial offices as well as fabrication shops in other parts of the Philippines such as Bataan, Pampanga and Cebu.

The business was founded by Pablito C. Ocampo, a Professional Mechanical Engineer with PRC License No. 0004113 and rich with years of working experience, including 5 years as Vice-President for Operations of a leading materials handling system manufacturer, Engr. Ocampo has adequate knowledge on the different aspects of the manufacturing practices as a contractor. Likewise, he has a good working knowledge as an end user having worked for San Miguel Corporation – Beer Division (10 years), Seven Up International (4 years) and Coca-Cola Export (4 years).

## **SERVICES OFFERED**

### **MANPOWER AND TECHNICAL SUPPORT**

Lawin Technologies have the capability to pool in the man power and technical assistance you need for your Equipment Installation in any part of the Philippines. We can also assist you with the transportation from *port-to-plant* or *plant-to-plant* transfer of your equipment. In addition, Lawin Technologies have certified programmers for your PLC termination and automation needs. Just to name a few, we can install and commission Bottle Washers, Fillers, Packaging Equipments, Waste Water Treatment Plant Modules, which may come from different brands and origin.

### **PRODUCTION PLANT OPERATION AND MAINTENANCE**

From the start, Lawin Technologies have been providing Maintenance and Rehabilitation works for various production lines for Food, Beverage, Glass, Powdered Products, Canning and Automotives. The scope of work may vary from preventive maintenance program, line cleaning and sanitation to equipment rehabilitation. This is the reason why Lawin Technologies is one of the trusted brand in Plant Operation where in Lawin Technologies employs the staff and crew and also keeps your plant equipments in good shape ensuring a continuous production of your product.

### **AHU AND AIR-CONDITIONING INSTALLATION AND MAINTENANCE**

Lawin Technologies offers High Rise Buildings and Multi-Branch Companies a solution for their Air Handling Units and Air-conditioning, Regular Maintenance, Service Documentation and Unit Installation. It has been proven that with a proper maintenance of your cooling units, it will not only prolong the working life of your equipment, but also decrease your electrical cost by even 40%! We can provide a 24 hours on-call and in-house maintenance or a roving technical team to ensure that all your cooling units in your outlets are always in tip top shape.

### **TANKS, PUMPS AND PIPING**

Provisions of engineering design, calculations, drawings, etc. required by our clients for pumps, piping systems, tanks and general layouts. We can do asphalt, cladding, insulation, flange type, welded and threaded connections.

## **FIRE PROTECTION SYSTEM**

Wet Fire Sprinkler Systems: This wet pipe fire protection system employs automatic sprinklers that are connected to a piping system, which are in turn attached to a water source. It is also supported with alarm and emergency exit ways. We supply UL/FM standard fire extinguisher, fire hose and cabinet.

## **ELECTRICAL WORKS**

Lawin Technologies can provide and supply your electrical requirements.

- Wire laying, pulling, labeling
- Fabrication and installation of Wire Ways
- Wire termination and PLC programming
- Mid voltage requirements
- Electrical Posts Erection

## **CONVEYOR SYSTEM**

Lawin Technologies Designs, Fabricate and Install your conveyor needs. We have delivered a wide range of conveyor kinds, like Gravity Roller, Belt, Stainless, Mesh and Flexible. We also excel in Fabricating and Installing Coal Conveyors complete with all its accessories and mechanical, civil and electrical requirements.

## **HEAVY LIFTS AND EQUIPMENT TRANSPORTATION**

Our capability to dismantle, haul and install of huge industrial equipments also serves our offer for forklift, crane or boom lifting and positioning. We also offer low bed and container van transportation of equipments from port to plant and vice versa.

## **CONTRACT WORKS**

Undertake various mechanical, electrical and civil works in accordance with the Clients requirements and specifications. In particular; bottle and case conveyors, piping systems, machinery and equipment installation, fire protection and various fabrication works i.e. tanks, flow plates, ham molds, smokehouse / bakery racks.
